23 November 1966

*G-Contract &
Con. Cover.*

MEMORANDUM FOR: Chief, Procurement Division, OL

ATTENTION:

SUBJECT:

REFERENCE: Letters dated 11 October 1966 and
8 November 1966

1. It is our understanding that the reference letters request an addition of a restoration clause to the subject contract to cover a similar requirement in the Navy License to the University.

2. It would be desirable to have the Navy waive this requirement in the License if possible. If this cannot be done because of Navy Department regulations there is no objection to the addition of this clause to the contract, it being understood that the costs for such restoration would be subject to negotiation.
